

FAKE NOTE DETECTOR (UV LAMP)

Product Description:

Ultra Violet (UV) light based unit. Detects most of the Gandhi series currencies, valid credit cards, cheques/Demand Drafts and passport. Most Credit Cards, Currency, Cheques, Demand Drafts and Passports are manufactured with special security features incorporated in it, which are not visible to the naked eye.

For e.g, in a Rs.2000, Rs 500 note, there are a lot of small fibres and numbers placed randomly and the security thread glows when the note is placed under UV light.

Incorporates high quality UV tubes of reputed makes. Checks Security features built in a currency note, that can be used to detect whether the notes are genuine Security Threads.
